The Friends are library card-carrying curious people, lifelong learners, readers, writers, thinkers, researchers and browsers. We are a non-profit organization of volunteers who encourage community participation in planning and funding special events. A group of citizens who believe in the importance of books, cultural activities and that libraries are for all people - regardless of one's age, socioeconomic status or geographic location.

The Friends' mission is to support and assist the library purchasing items, museum passes, magazine subscriptions and sponsoring programs, which the library budget itself cannot finance. We also promote projects that enhance the relationship of the library with the public, schools and business community. We do all of this through memberships and fund-raising activities. Please renew your membership today. Thank you in advance for your support.
